New content in Svalbard - cold facts

"Travelogue from Colesbukta". This new chapter provides a slideshow containing ten images from the abandoned Russian mining town Colesbukta. Historically this town was used for transporting coal from Svalbard, now it is an arctic ruin.

New article in Svalbard and money

"A Norwegian take on money: fascinating figures". The team behind

Svalbard.money has asked more than 3000 Norwegians questions related to money:

1. What is the main source of trust in our money?
2. Who should be able/allowed to produce money?
3. What kind of money will dominate the future?

View how the different genders and age groups answered the questions by clicking the link here.
